Canyonville Adventist Elementary School News

Capital Improvements - CAES is needing to raise funds to do some major capital improvements on the school and purchase a few smaller items that will improve the quality of the school day for the students. The big items include stuccoing the school, installing new gutters, purchasing new playground equipment. Smaller items are replacing the old and broken picnic tables. Judging from the quotes we have received, the figure needing to be raised is about \$50,000. Every little bit helps to reach this big goal. If you would like to donate to this cause, you can give a direct donation to the school or you can donate in your tithe envelope, marking "School Improvement Project" on the envelope. Thank you so much for your dedication to Adventist Education.

The church has received substantial donations toward this upgrade but there is about \$30,000 which we will still need to fundraise. Message from Mark & Cheryl Alder

Dear Friends,

On March 1, 2023, Daniel Lui and Janelle Alder left on a medevac helicopter flight in the Philippines and disappeared while over the ocean. Our initial thoughts were that a crash was the most likely. Investigations have not revealed conclusive evidence of a crash, and other outcomes remain a possibility. We feel it is important to investigate any viable outcomes.

Along with the Lui family, our family is fundraising to increase local awareness and increase the likelihood of finding further information about what happened. Our land investigator suggested making T-shirts with Daniel and Janelle's faces on them and a hashtag of #findyellowbee (the nickname of the helicopter) and having them distributed in the areas around their last known location. There is little to no cell reception or internet in these areas, so different ways of spreading awareness are needed. In addition, many people share one T-shirt with their whole family. Ensuring high visibility for these shirts. Handing our T-shirts will not only keep Daniel and Janelle's faces fresh in everyone's minds but provide a method of contact for anyone with information to share. Anyone who may have seen them will recognize them and connect them to the T-shirt. Our investigator has seen this method work in helping to find people in similar isolated and socio-economic conditions and feels it is a method most likely to produce useful information. The cost of this campaign includes not only printing the shirts, but also traveling to the area, distributing the shirts, and making connections to find additional information.

Please keep the search in your prayers. We trust God is leading through this process and recognize that peace comes from knowing He is in control.

If you are interested in supporting this campaign, there are several ways to donate:

Thank you for your support!
